

Presentation Clearance & Permission to Publish

Thermal and Fluids Analysis Workshop 2014

August 4th - 8th, 2014
Cleveland, OH

TFAWS Paper Number/Title of Course: _____

Part I: Release of Paper and Presentation Materials

Review by the presenter(s)' company(ies) and/or Government organization is the responsibility of the presenter(s). NASA presenters must have their paper and presentation materials approved per their Center's export control system (NF1676 NASA STI Document Availability Authorization (DAA) form).

Some sessions at TFAWS 2014 will be restricted as governed by export control regulations. Only United States citizens and U.S. Permanent Resident Aliens are permitted to attend sessions including information that is designated as export-controlled. U.S. persons (U.S. citizen and permanent residents) are responsible for ensuring that technical data they present in open sessions or in conference proceedings are not restricted by the export control regulations. Likewise, U.S. persons are responsible for ensuring that they do not discuss export control-restricted information with non-U.S. persons.

Please select the statement that applies to the above-named paper/course:

The above-named paper/course is approved for public release and inclusion in the TFAWS 2014 online conference proceedings. As a presenter of the above-named paper/course, I grant the United States Government, as represented by NASA, permission to post presentation materials and associated paper (if applicable), in the online conference proceedings for the 2014 Thermal and Fluids Analysis Workshop.

The above-named paper/course is approved for public release but shall not be included in the TFAWS 2014 online conference proceedings.

The above-named paper/course is restricted as governed by export control regulations. As such, the presentation materials and associated paper (if applicable) will not be posted in the online conference proceedings for the 2014 Thermal and Fluids Analysis Workshop, nor will said presentation materials and associated paper (if applicable) be reproduced or distributed in any printed or electronic formats.

The title of the paper/course as written above does not contain any export control-restricted information and can be distributed for public release.

Part II: Non-Infringement

The above-named paper/course represents an original work by the presenter(s). No portion of the material is covered by a prior copyright; or for any portion copyrighted, the presenter has obtained permission for its use and all such permissions are in writing and attached to this form. Further, this work does not infringe on any trademark, patent, trade secret, or other intellectual property rights of any person, nor does it contain any material that is defamatory.
