

25th Annual 2014 Thermal and Fluids Analysis Workshop (TFAWS)

25 YEARS OF INNOVATION AND COLLABORATION

- ★ August 4 to 8, 2014 • Cleveland, OH
- ★ Hosted by the John H. Glenn Research Center
- ★ Sponsored by the NASA Engineering and Safety Center

Purpose: To encourage knowledge sharing, professional development, and networking throughout the thermal and fluids engineering community within NASA and the aerospace industry at large.

Featuring:

- Paper sessions
- Hands-on software training
- Software demonstrations
- Hardware demonstrations
- Technical short courses
- Guest speakers
- Tours of Glenn Research Center

Audience:

- Engineers
- Scientists
- Industry
- Government
- Educators
- Students

Technical Areas of Focus:

- Active thermal
- Aerothermal
- Passive thermal
- Interdisciplinary

★ **FREE REGISTRATION**
for all attendees!

★ **All levels of experience are welcome!**
